Instructions

1. This course must be completed using the agency patrol duty holster & handgun.
2. The BLEA Tactical Target will be used. The target will be scored using the scoring rings as marked on the silhouette. Hits breaking the scoring line will be awarded the higher point value. Attendees will be given two opportunities to pass the course.
3. A passing score shall be **70%** of the total possible points, **(350 out of a possible 500)**. A hit outside the scoring zones but on the silhouette will result in zero points but not constitute a miss. However, misses off the silhouette will be assessed a penalty of 10 points for each occurrence. Head shots called for in Sequence #1 (below) must be within the inner shaded zone on the target.
4. The holster must have all retention devices secured at the beginning of each sequence.
5. Malfunctions are not an excuse to stop the qualification. If a malfunction occurs, the shooter will clear the malfunction and continue. For the purpose of this examination, a malfunction is an unforeseen mechanical breakage or defect related to the weapon or ammunition and was not shooter induced such as a failure to properly seat the magazine or properly load the handgun. If the shooter was unable to complete the sequence due to a malfunction, they will be allowed to re-shoot the sequence.
